

Kiwanian Donates 50 Hug-a-K-Bears

There are over 3,000 Hug-a-K-Bears out across the district. The photo below shows another idea. A local Kiwanian, Paul Brenner of the Spencer Daybreakers club, personally purchased 50 bears and gave them to the Spencer Municipal Hospital. They will be used for kids in the hospital and by Emergency Medical Teams.

The Hug-a-K-Bear project is Governor Dave's and First Lady Arlene's district project this year. It's a project that is easy for every club to do and has a clear, positive impact on young children in the community. Get excited, as Paul did, and help your club get started with Hug-a-K-Bear. Contact your Lt. Governor to find out where you can get bears at attractive prices.

Pictured here are representatives of Spencer Municipal Hospital, John Hill, Ambulance director, and Susan Zulk, Hospital Foundation Director, receiving 50 Hug-a-K-Bears from Kiwanian Paul Brenner. Also pictured are First Lady Arlene and Governor Dave Hessman.
