

2007 Midyear Conference Call to Members

Fred Bunce, 2007 Midyear Conference Committee Chair

The 2007 Midyear Conference will be held on March 17 at the Scheman Building at Iowa State University in Ames, Iowa. The theme of the conference is "One Can Make a Difference."

The Ames Golden K Kiwanis Club from Division 11 will be the host club, with assistance from other clubs in the division.

The Midyear Conference Committee has been working the last six months to make the conference an outstanding event. Both the morning general session and the afternoon session have top-quality keynote speakers. The morning session has Dave Kelly, a highly recommended speaker from Georgia. The afternoon session has Kiwanis International Immediate Past President Steve Siemens from the Downtown Des Moines Kiwanis Club who will tell us about "The Rest of the Year."

The conference education sessions will be held during the noon luncheon. Select your table by the area of interest you would like to know more about to help your club.
